

# Addiction

Addiction  
What should I know about addiction?  
I don't know about addiction  
Or do I?

Addiction is you  
You inflict me joy  
I can't stay without  
Or can I?

Addiction is you  
You leave me in pain  
You shake my nerves  
And tear me apart

Addiction is a body  
Addiction is sweat  
Of pleasure, of pain  
Isn't it?

Addiction is a slave  
With no dignity  
All in the name of joy  
A moment

Addiction is no love  
It is hate and misery  
All in the name of love  
Is it you and me?

Addiction is you  
Addiction am I  
Addiction is us  
Drowning in pain

You inflict me pain  
I get cold as rain  
And then you smile  
Only for a while

Addiction is this  
Will we ever be free?  
Instead of killing each other  
Day by day?

Attraction is addiction  
Love is the enemy  
Love is somewhere else  
I don't see it here

Addiction is a memory  
Of a real good time  
Unable to get away  
Dying 'cause we stay

Addiction is a dream  
Lost in a dream  
Do you believe in dreams?  
I still do

Addiction got me fucked  
Addiction got me broken  
Addiction got me down  
And you too
