

# Bitter Enough

The taste is bitter enough for me  
Her man just want me to retreat  
Something is wrong, it may be me  
But it's a thing that I can see  
I don't know where I'm going  
It's not where I want to go

Loving a girl that is not mine  
Don't tell me it's just a waste of time  
Don't you know that I feel so bad  
Each time I'm happy I feel sad  
For what I have is nothing if I think what he has got

But I don't worry about tomorrow  
Cause I am ready to face the sorrow  
It's a thing I do for love, so many curses up above  
It is me facing reality

The taste is bitter enough for me  
But without freedom we can't be free  
Freedom for me is what i feel  
Maybe it's a dream that can't be real  
Some search for heaven but  
I found just a closed door

...I try to open it a little bit more
