

Cemetery Man

Well I'm a cemetery man
Doing the best I can
When I dig the ground
You can hear the sound
...The sound of my whistle

Well if you're looking for some trouble
I'm not the man to see
I just take the troubles away
Satisfaction guaranteed

I have death for a living
The Harvester a colleague of mine
I just finish what he starts
On the people who've run out of time

Well I'm a cemetery man
Doing the best I can
When I dig the ground
You can hear the sound
...The sound of my whistle

I won't give you a reason to live
I have kids and cats to feed
You know it's in my interest
If people go for a permanent rest

Well I'm a cemetery man
Doing the best I can
When I dig the ground
You can hear the sound
...The sound of my whistle

And I'm a cemetery man
Digging the best I can
A beautiful mound
Made of fertile ground
To cover your coffin

And I'm a cemetery man
Doing the best I can
I'm preoccupied
If there's no people dying
Should I hire a killer?
