

# M.I.B.

I have to go girl I have to run, I have to leave this town tonight,  
I have to run away: they're gonna find me and put me down one day.

And what about me? Am I your yesterday?

You're such an asshole, you coward man, why are you leavin'? I don't understand

But if you choose to leave me, boy you'd better run:

If you choose to leave me, go, you shall be damned

Oh, I've been damned for long, honey

My friend Joy said u got to go, they are gonna find you and put u down in death row

I saw them i saw them downtown, you have to leave buddy u have to leave right now

The man in black will find you no matter how

This story started when I was young, I can tell u a was a bit of a scam

With the wrong folks I played: they're gonna find me an' put me down one day, not today!

Go, but you might not see another day

I pick up my hat, I pick up my guitar and i put them inside my old Cadillac

And i drive away, drive away. They are gonna find me but not today, not today!

The man in black will find out where you stay

They asked me to find you and bring you to them

But she hired me to kill you instead

It was unwise to let that down, It was unwise to let down

It was unwise to let down a woman like that

She paid me well and of their reaction I don't give a damn

They wanted you alive, but I'll make sure, I'll make sure she gets you dead

Though I know some man in black, yes I know some man in black

Oh, I know some man in black will find me in the end

An other night another motel, I didnt, didnt sleep well, I had you girl on my mind

I'm sorry, I'm sorry, I'm sorry I left you behind

Oh, I know some man in black, yes I know some man in black

Sure I know some man in black will find me in the night
