

# Me?

How far is heaven on that different way?  
It's closer to you than everything else  
I know it's time to leave all that behind  
Running for freedom instead of being blind

I wanted to run with you dear friend of mine  
You were my freedom, my day and my night  
I used to love you much more than you think  
And now between you and me there will always be a link

How long a dream does it take to change?  
And these words... have they a meaning?  
Will you understand it? ...me?

Something you find and something you lose  
Ready or not, quite never you can choose  
Sometimes you're right and sometimes you're wrong  
And what I mean is that I never feel that strong

But friend you're different than everyone else  
You need to feel freedom and live by yourself  
Your lovers can change, they may come and go  
While I'm here forever and my love will never stop

How long a dream does it take to change?  
And these words... have they a meaning?  
Will you understand it? ...me?
